No. 3 Constitutional Amendment Article VII, Sections 4, 6, and 9, Article XII

Increased Homestead Exemption; Lower Cap on Increases in Non-Homestead Property Assessments

This amendment increases the homestead exemption, for all non-school taxes, to \$150,000 in 2027 and \$250,000 in 2028, and adjusts for inflation thereafter. It requires the Legislature to prescribe a uniform procedure for counties and municipalities, for their respective levies, to increase the homestead exemption up to full assessed value, and allows special districts, subject to referendum approval, to do the same. Persons who are not Florida residents on December 31, 2026, will receive the existing homestead exemption upon qualifying for a homestead exemption, with the increased homestead exemption beginning with the fifth year of exemption, to the extent permitted by the U.S. Constitution. This amendment reduces the annual cap on assessment increases for non-homestead properties from 10% to 5%. This amendment requires counties and municipalities to use property taxes solely for public safety, education and schools, infrastructure, natural resources, bond debt service, retirement benefits for employees, and operations and administration. Other expenditures may be approved by county officers or county or municipal governing bodies unless prohibited by general law, notwithstanding Article VII, Section 9(a) of the Florida Constitution, which allows counties and municipalities to levy property taxes for their respective purposes. This amendment takes effect January 1, 2027.

General Election Day – November 3, 2026

A General Election Ballot Full of Possibilities

We have a very lengthy General Election ballot this year. You will be picking a new governor and cabinet, as well as making decisions on federal, state, and many local races. In addition, there are 11 ballot questions that will chart the course for our state and local community over the coming years. I strongly recommend that you carefully read your sample ballot today and start thinking about the choices you want to make on your actual ballot. Do not wait until you are standing in a voting booth to consider your options! By planning now, you can ensure that your votes will go to the candidates and causes that reflect your values and intentions.

Many voters have shared with me their concerns about the security and integrity of our elections, especially this year. As your Supervisor of Elections, I will do everything in my power to ensure that our elections will be free of disruption. Leon County will continue to be at the forefront of accessible, transparent, and accurate elections, always adding to our legacy of outstanding voter services and championing the will of the voter.

To that end, I encourage you to use the power of your vote. Our system of government relies on having informed and engaged voters. If you do not use your vote, then you are silencing yourself from the great debate that is our democracy. Make your voice heard by voting.

To best prepare yourself for the 2026 General Election, I encourage you to thoroughly read this election guide and plan on how you are going to cast your ballot. This guide includes Early Voting locations and times, information on how you can request a Vote-by-Mail ballot, and where you can vote on Election Day. It also includes a generic sample ballot, which you can use to start your research on the candidates and issues that you will see on your actual ballot. By doing this, you will be Election Ready for the General Election.

Your country depends on your vote. Please speak up, vote, and be heard!

Mark S. Earley
