Leon County Supervisor of Elections Announces Precinct and Polling Location Changes

Leon County, FL – Mark S. Earley, Supervisor of Elections for Leon County, announces precinct and polling location changes in advance of the 2022 Election Cycle.

Every ten years, the U.S. Census results in changes to federal, state, and local political district lines. In response, the Leon County Elections Office redraws the precinct map for the county. The changes to district lines determine which contests voters will see on their ballots. In addition, some voters will have new Election Day polling places.

As required by Florida law, the Elections Office submitted the proposed new precinct map to the Leon County Board of County Commissioners for review. The Board approved the new map at its June 14th meeting. The Elections Office has now updated voter records and other files to match the newly approved map.

Since each voting precinct is assigned to a polling place, some voters will have new Election Day polling places. “We have done our best to ensure that changes will not negatively affect voters,” said Supervisor Earley. “Where possible, we have maintained precinct boundaries and polling place locations so that voters can easily travel to their nearby neighborhood polling place. In some instances, we have made polling places more convenient for voters.” Voters can view the new precinct map, list of Election Day polling places, and their voter information by visiting LeonVotes.gov/Redistricting.

To ensure that all voters have the latest information, the Elections Office is mailing every voter in Leon County a new voter information card. The card includes updated district, precinct, and polling place information. Voters can expect to receive their new card in the mail within the next two weeks. Voters are encouraged to review their new card to familiarize themselves with any changes.

Voters with questions are encouraged to contact the Supervisor of Elections Office by email at Vote@LeonVotes.gov, or by phone at (850) 606-8683, Monday – Friday 8:30 a.m. – 5 p.m.
